Access to learning tools

In 2019 and early 2020, Promise Neighborhood teams wearing orange shirts knocked on doors to ask families to take a survey about health, housing, safety, education, employment and the community. The goal is to help identify the needs of families and help us understand whether Promise Neighborhood is achieving what it said it would do. Nearly 450 families representing over 800 children took the survey! Additional families will be selected in 2021. Below are some results of the **educational support** questions we asked.
