Access to learning tools

In 2021, Promise Neighborhood teams wearing orange shirts knocked on doors to ask families to take a survey about health, housing, safety, education, employment and the community. The goal is to help identify the needs of families and help us understand whether Promise Neighborhood is achieving what it said it would do. Over 400 families, representing more than 840 children, took the survey! Below are some results of the **educational support** questions we asked.
